

BENCH G. FABROS

Assistant Professor I

Central Luzon State University

1. Academic Leadership

- Licensed Professional Teacher (Philippines PRC).
- Assistant Professor I at Central Luzon State University (2024–present).
- Former Instructor I at Tarlac Agricultural University (2021–2024).
- Visiting Lecturer and International Speaker in mathematics and research education.

2. Specialized Expertise

- Focus on Mathematics Education and Research Methodology.
- Published works on mathematics pedagogy, indigenous education challenges, multitasking in teaching, financial management practices, and workplace efficiency.
- Advanced training in STEM education and problem-solving approaches (University of Tsukuba, Japan; DICT Philippines).

3. International Representation

- Engaged in international academic networks as a manuscript reviewer and resource speaker.
- Verified international academic qualifications (World Education Services).
- Participation in ASEAN-focused research (e.g., impact on academics and self-esteem).

4. Research Productivity

- Multiple peer-reviewed publications (2021–2025) spanning mathematics education, financial management, workplace studies, and socio-educational issues.
- Recognized with awards such as Best Paper in a national research conference.

5. Editorial & Peer Review Experience

- International Manuscript Reviewer and Peer Reviewer for academic journals.
- Active scholarly accounts: Scopus, ORCID, Web of Science, Google Scholar, ResearchGate.

6. Engagement in Policy & Practice

- Research addressing education in the new normal, indigenous learners, financial management practices, and workplace efficiency in VUCA contexts.

- Contributions extend beyond mathematics into applied education and organizational studies.
